

## **Prophetic Decrees for 2025**

*1. We decree that it's harvest time. Harvest and evangelism are going to new levels. The message of the gospel is being proclaimed in a way that awakens humanity to their origins and identity, and exposes sin as the great imposter that it is. The preaching of the gospel will bring salvation, healing, deliverance and integration into Christ's mystical body. We declare a greater manifestation of Jesus through His functioning body.*

*2. We are awakened to awaken. We decree that it's time for action, authority and awakening. Each born again believer has a placement within the body, a plan of action to carry out, and an authority to call forth a new day. We call forth awakening in the saved, the unsaved, and the whole of creation.*

*3. We declare that God has empowered us to have a voice, and He has empowered us for restraint. We determine that we will speak when He empowers us to speak, and we will remain silent when He empowers us for restraint. We say yes to the trumpet, and we say yes to the muzzle.*

## **New Zealand Specific Decrees**

*4. We call forth strong political leadership in Aotearoa, New Zealand. We declare a reversal of the moral decline, the geo-political intimidation, and the anti-American bias. We declare correct alignment with the nations so that New Zealand walks in the fullness of her God-ordained destiny. Give our leaders boldness to confront every assignment of intimidation that is trying to control, distract, dominate, indoctrinate and manipulate.*

*5. We boldly declare that the Treaty of Waitangi has never stopped singing. The sound of the Treaty over and in our nation will be heard with greater and greater clarity. This sound will drown out the clamour caused by political spirits and divisive contention. The authority of covenant and the glory of the New Covenant will resonate in every corner of Aotearoa, New Zealand.*
